

Teaching Type: **Little Angels**

Unit: **EN LA SELVA**

Unit Objective: To learn how to recognise and recall seven jungle animals in Spanish.

By the end of this unit we will be able to:

- Recognise and recall seven jungle animals in Spanish.
- Recall numbers 1-5 more easily in Spanish.

It will help if we already know:

- Greetings from the **Salutations** unit and numbers 1-5 from the **Numbers & Colours** unit.

Phonics & pronunciation we will see:

- **J** sound in **jirafa**. This letter is pronounced like the 'h' sound in the English word 'hot'.
- **RR** sound in **corre**
- **Accents**. Accents can only be written over vowels in Spanish and indicate the vowel is stressed. As seen in **león**.

Even if we do not see these letters and sounds in the lessons often, we will hear these signature Spanish sounds many times as they appear in key words in this unit.

Grammar we will learn & revisit:

Nouns & articles/determiners. We will start to notice that in Spanish there are often more options for single words like determiners in English. For example, as seen with the word for 'the' in Spanish. **El** león but **la** jirafa. We will see that this happens a lot in Spanish and learn why in future units!

Activities we will complete:

A lot of tasks to help us learn to listen more carefully in Spanish. Repeating the words and short phrases each lesson to ensure we can remember all the new language presented to us. Revising what we already know each lesson before learning new words so that we can improve our memory skills.

Skills we will develop:

Learning to listen carefully and repeat what we hear with improving accuracy. Working on memory skills so we are able to remember the new words we have learnt in Spanish long term and with accurate and authentic pronunciation.

Vocabulary we will learn & revisit:

Seven jungle animals and an opportunity to revise and recall numbers 1-5.
