

Forest Fields Primary School

School Records Management Policy

The School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

1. Scope of the policy

- 1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.
- 1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- 1.3 A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the County Archives Service.

2. Responsibilities

- 2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Head of the School.
- 2.2 The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.
- 2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

3. Relationship with existing policies

This policy has been drawn up within the context of:

- Freedom of Information policy
- Data Protection policy
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the school.

Signed: *Pete Hayes (Chair of Governors)*

Pupil Records

These guidelines are intended to help provide consistency of practice in the way in which pupil records are managed. These will assist schools about how pupil records should be managed and what kind of information should be included in the file. It is hoped that the guidelines will develop further following suggestions and comments from those members of staff in schools who have the most contact with pupil records.

These guidelines apply to information created and stored in both physical and electronic format.

These are only guidelines and have no legal status, if you are in doubt about whether a piece of information should be included on the file please contact the Local Authority.

Managing Pupil Records

The pupil record should be seen as the core record charting an individual pupil's progress through the Education System¹. The pupil record should accompany the pupil to every school they attend and should contain information that is accurate, objective and easy to access. These guidelines are based on the assumption that the pupil record is a principal record and that all information relating to the pupil will be found in the file (although it may spread across more than one file cover).

1. File covers for pupil records

It is strongly recommended that schools use a consistent file cover for the pupil record. This assists secondary schools to ensure consistency of practice when receiving records from a number of different primary schools. If, for example, primary schools have many different file covers for their files, the secondary school that the pupil files are transferred to will then be holding different levels of information for pupils coming from different primary schools.

Using pre-printed file ensures all the necessary information is collated and the record looks tidy, and reflects the fact that it is the principal record containing all the information about an individual child.

2. Recording information

Pupils have a right of access to their educational record and so do their parents under the Education (Pupil Information) (England) Regulations 2005. Under the Data Protection Act 1998 a pupil or their nominated representative has a right to see information held about them. This right exists until the point that the file is destroyed. Therefore, it is important to remember that all information should be accurately recorded, objective in nature and expressed in a professional manner.

3. Primary School records

3a. Opening a file

These guidelines apply to information created and stored in both physical and electronic format.

The pupil record starts its life when a file is opened for each new pupil as they begin school. This is the file which will follow the pupil for the rest of his/her school career. If pre-printed file covers are not being used then the following information should appear on the front of the paper file:

- Surname
- Forename
- DOB
- Unique Pupil Number²

The file cover should also contain a note of the date when the file was opened and the date when the file is closed if it is felt to be appropriate.

Inside the front cover the following information should be easily accessible:

- The name of the pupil's doctor
- Emergency contact details
- Gender
- Preferred name
- Position in family
- Ethnic origin³
- Language of home (if other than English)⁴
- Religion⁵
- Any allergies or other medical conditions that it is important to be aware of⁶
- Names of adults who hold parental responsibility with home address and telephone number (and any additional relevant carers and their relationship to the child)
- Name of the school, admission number and the date of admission and the date of leaving.
- Any other agency involvement e.g. speech and language therapist, paediatrician

It is essential that these files, which contain personal information, are managed against the information security guidelines also contained in the toolkit.

3b. Items which should be included on the pupil record

- If the pupil has attended an early years setting, then the record of transfer should be included on the pupil file
- Admission form (application form)
- Privacy Notice [if these are issued annually only the most recent need be on the file]
- Photography Consents
- Years Record
- Annual Written Report to Parents
- National Curriculum and Religious Education Locally Agreed Syllabus Record Sheets
- Any information relating to a major incident involving the child (either an accident or other incident)
- Any reports written about the child
- Any information about a statement and support offered in relation to the statement
- Any relevant medical information (should be stored in the file in a sealed envelope clearly marked as such)
- Child protection reports/disclosures (should be stored in the file in a sealed envelope clearly marked as such) and stored with the inclusion lead.
- Any information relating to exclusions (fixed or permanent)
- Any correspondence with parents or outside agencies relating to major issues
- Details of any complaints made by the parents or the pupil

² The Unique Pupil Number is a number that identifies each pupil in England uniquely. It is intended to remain with them throughout their school career regardless of any change in school or Local Authority. Not to be confused with the the Unique Learner Number allocated to pupils over 14 <https://nationalpupildatabase.wikispaces.com/IDs>

³ Although this is "sensitive" data under the Data Protection Act 1998, the Department for Education require statistics about ethnicity

⁴ This needs to be recorded for the School Census (Mother Tongue)

⁵ Although this is "sensitive" data under the Data Protection Act 1998, the school has good reasons for collecting the information

⁶ Although this is "sensitive" data under the Data Protection Act 1998, the school has good reasons for collecting the information

The following records should be stored separately to the pupil record as they are subject to shorter retention periods and if they are placed on the file then it will involve a lot of unnecessary weeding of the files before they are transferred on to another school.

- Absence notes
- Parental consent forms for trips/outings [in the event of a major incident all the parental consent forms should be retained with the incident report not in the pupil record]
- Correspondence with parents about minor issues
- Accident forms (these should be stored separately and retained on the school premises until their statutory retention period is reached. A copy could be placed on the pupil file in the event of a major incident)

3c. Transferring the pupil record to the secondary school

The pupil record should not be weeded before transfer to the secondary school unless any records with a short retention period have been placed in the file. It is important to remember that the information which may seem unnecessary to the person weeding the file may be a vital piece of information required at a later stage.

Primary schools do not need to keep copies of any records in the pupil record except if there is an ongoing legal action when the pupil leaves the school. Custody of and responsibility for the records passes to the school the pupil transfers to.

Files should not be sent by post unless absolutely necessary. If files are sent by post, they should be sent by registered post with an accompanying list of the files. The secondary school should sign a copy of the list to say that they have received the files and return that to the primary school. Where appropriate, records can be delivered by hand with signed confirmation for tracking and auditing purposes.

Electronic documents that relate to the pupil file also need to be transferred, or, if duplicated in a master paper file, destroyed and scanned and kept electronically at school. They should be kept in a fire proof safe.

The following records should be stored separately to the pupil record as they are subject to shorter retention periods and if they are placed on the file then it will involve a lot of unnecessary weeding of the files once the pupil leaves the school.

- Absence notes
- Parental consent forms for trips/outings [in the event of a major incident all the parental consent forms should be retained with the incident report not in the pupil record]
- Correspondence with parents about minor issues
- Accident forms (these should be stored separately and retained on the school premises until their statutory retention period is reached. A copy could be placed on the pupil file in the event of a major incident)

5. Responsibility for the pupil record once the pupil leaves the school

The school which the pupil attended until statutory school leaving age ⁷ is responsible for retaining the pupil record until the pupil reaches the age of 25 years. [See the retention schedule for further information].

6. Safe destruction of the pupil record

The pupil record should be disposed of in accordance with the safe disposal of records guidelines.

7. Transfer of a pupil record outside the EU area

If you are requested to transfer a pupil file outside the EU area because a pupil has moved into that area, please contact the Local Authority for further advice.

8. Storage of pupil records

All pupil records should be kept securely at all times. Paper records, for example, should be kept in lockable storage areas with restricted access, and the contents should be secure within the file. Equally, electronic records.

Management of the School

This section contains retention periods connected to the general management of the school. This covers the work of the Governing Body, the Head Teacher and the senior management team, the admissions process and operational administration.

Governing Body

5.1 Pupil's Educational Record

	Basic file description	Data Prot Issues	Statutory Provisions	Retention Period [Operational]	Action at the end of the administrative life of the record
5.1.1	Pupil's Educational Record required by The Education (Pupil Information) (England) Regulations 2005	Yes	The Education (Pupil Information) (England) Regulations 2005 SI 2005 No. 1437		
	Primary			Retain whilst the child remains at the primary school	The file should follow the pupil when he/she leaves the primary school. This will include: • to another primary school • to a secondary school • to a pupil referral unit • If the pupil dies whilst at primary school the file should be returned to the Local Authority to be retained for the statutory retention period. If the pupil transfers to an independent school, transfers to home schooling or leaves the country the file should be returned to the Local Authority to be retained for the statutory retention period. Primary Schools do not ordinarily have sufficient storage space to store records for pupils who have not transferred in the normal way. It makes more sense to transfer the record to the Local Authority as it is more likely that the pupil will request the record from the Local Authority
	Secondary		Limitation Act 1980 (Section 2)	Date of Birth of the pupil + 25 years	SECURE DISPOSAL
5.1.2	Examination Results – Pupil Copies	Yes			
	Public			This information should be added to the pupil file	All uncollected certificates should be returned to the examination board.
